

## AFFINITY GST PURIFICATION

### Glutathione Agarose Resin

PRODUCT	Glutathione Agarose Resin
CAT.	4B-GLU-X
Bead geometry & size	Spherical, Standard ~50 – 150 µm
Crosslinked	No
Agarose %	4%
Ligand	Glutathione, linked via sulphur atom
Static binding capacity <sup>(1)</sup>	≥ 8mg recombinant GST/ml gel <sup>(2)</sup>
Antimicrobial agent	20% ethanol
Storage temperature	4 – 8°C

X: Product quantity 10 or 100 ml

<sup>(1)</sup> Orientative values for static binding capacity. Binding capacity will vary for each GST-tagged protein.

<sup>(2)</sup> 1 ml gel corresponds to 1.333 ml of original suspension.

For laboratory use only. Not for use in diagnostic or therapeutic procedures.
